

Aloha, my name is Stacy Higa, & I was born and raised in Hilo. I have a proven track record of running small and mid-size businesses such as Ed and Don's of Hawai'i as G.M. In government, I served as Chair & Exec. Dir. of a State Commission that oversaw federal funding and I also served as Chair & Council Member for Hawai'i County. In the last 5 years, I have had the privilege to serve as President & CEO of Nā Leo O Hawai'i, a nonprofit that operates the only public access TV station for Hawai'i Island. I am the only candidate that has diverse and extensive leadership roles that span Business, Government, and Nonprofit sectors. I offer my leadership, my passion, my experience, my commitment, and my track record of getting things done. I want to re-invent our County Government, make it more responsive to the needs of our community. I believe and trust that our county workers want to be recognized for the great work that they do. We just need a leader who can inspire them, and I hope that you will honor me with the opportunity to make this happen.
